SCHOOL AND PUBLIC LANDS.

Sec. 153. All proceeds of the public lands that have heretofore been or may hereafter be granted by the United States for the support of the common schools in this state; all such per centum as may be granted by the United States on the sale of public lands; the proceeds of property that shall fall to the state by escheat; the proceeds of all gifts and donations to the state for common schools, or not otherwise appropriated by the terms of the gift, and all other property otherwise acquired for common schools, shall be and remain a perpetual fund for the maintenance of the common schools of the state. It shall be deemed a trust fund, the principal of which shall forever remain inviolate, and may be increased but never diminished. The state shall make good all losses thereof.

Sec. 154. The interest and income of this fund, together with the net proceeds of all fines for violation of state laws, and all other sums which may be added thereto by law, shall be faithfully used and applied each year for the benefit of the common schools of the state, and shall be for this purpose apportioned among and between

all the several common school corporations of the state in proportion to the number of children in each of school age, as may be fixed by law, and no part of the fund shall ever be diverted even temporarily from this purpose, or used for any other purpose whatever than the maintenance of common schools for the equal benefit of all the people of the state; provided, however, that if any portion of the interest or income aforesaid be not expended during any year, said portion shall be added to and become a part of the school fund.

Sec. 155. After one year from the assembling of the first legislative assembly, the lands granted to the state from the United States for the support of the common schools, may be sold upon the following conditions, and no other: No more than one-fourth of all such lands shall be sold within the first five years after the same become saleable by virtue of this section. No more than one-half of the remainder within ten years after the same become saleable as aforesaid. The residue may be sold at any time after the expiration of said ten years. The legislative assembly shall provide for the sale of all school lands subject to the provisions of this article. The coal lands of the state shall never be sold, but the legislative assembly may by general laws provide for leasing of the same; the words "coal lands" shall include lands bearing lignite coal.

Sec. 156. The superintendent of public instruction, governor, attorney general, secretary of state and state auditor shall constitute a board of commissioners, which shall be denominated the "Board of University and School Lands," and subject to the provisions of this article and any law that may be passed by the legislative assembly, said board shall have control of the appraisement, sale, rental and disposal of all school and university lands, and shall direct the investment of the funds arising therefrom in the hands of the state treasurer, under the limitations in section 160 of this article.

Sec. 157. The county superintendent of common schools, the chairman of the county board and the county auditor shall constitute boards of appraisal, and under the authority of the state board of university and school lands shall appraise all school lands within their respective counties, which they may from time to time recommend for sale at their actual value, under the prescribed terms, and shall first select and designate for sale the most valuable lands.

Sec. 158. No lands shall be sold for less than the appraised value, and in no case for less than ten dollars per acre. The purchaser shall pay one-fifth of the price in cash, and the remaining four-fifths as follows: One-fifth in five years, one-fifth in ten years, one-fifth in fifteen years and one-fifth in twenty years, with interest at the rate of not less than six per centum, payable annually in advance. All sales shall be held at the county seat of the county

in which the land to be sold is situate, and shall be at public auction, and to the highest bidder, after sixty days' advertisement of the same in a newspaper of general circulation in the vicinity of the lands to be sold, and one at the seat of government. Such lands as shall not have been specially subdivided shall be offered in tracts of one-quarter section, and those so subdivided in the smallest subdivisions. All lands designated for sale and not sold within two years after appraisal shall be reappraised before they are sold. No grant or patent for any such lands shall issue until payment is made for the same; provided, that the lands contracted to be sold by the state shall be subject to taxation from the date of such contract. In case the taxes assessed against any of said lands for any year remain unpaid until the first Monday in October of the following year, then and thereupon the contract of sale for such lands shall become null and void.

Sec. 159. All lands, money or other property, donated, granted or received from the United States or any other source for a university, school of mines, reform school, agricultural college, deaf and dumb asylum, normal school, or other educational or charitable institution or purpose, and the proceeds of all such lands and other property so received from any source, shall be and remain perpetual funds, the interest and income of which together with the rents of all such lands as may remain unsold, shall be inviolably appropriated and applied to the specific objects of the original grants or gifts. The principal of every such fund may be increased but shall never be diminished, and the interest and income only shall be used. Every such fund shall be deemed a trust fund held by the state, and the state shall make good all losses thereof.

Sec. 160. All lands mentioned in the preceding section shall be appraised and sold in the same manner and under the same limitations and subject to all the conditions as to price and sale as provided above for the appraisal and sale of lands for the benefit of common schools; but a distinct and separate account shall be kept by the proper officers of each of said funds; provided, that the limitations as to the time in which school land may be sold shall apply only to lands granted for the support of common schools.

Sec. 161. The legislative assembly shall have authority to provide by law for the leasing of lands granted to the state for educational and charitable purposes; but no such law shall authorize the leasing of said lands for a longer period than five years. Said lands shall only be leased for pasturage and meadow purposes, and at a public auction after notice as heretofore provided in case of sale; provided, that all of said school lands now under cultivation may be leased at the discretion and under the control of the board of university and school lands for other than pasturage and meadow purposes until sold. All rents shall be paid in advance.

Sec. 162. The moneys of the permanent school fund and other educational funds shall be invested only in bonds of school cor-

porations within the state, bonds of the United States, bonds of the state of North Dakota, or in first mortgages on farm lands in the state not exceeding in amount one-third of the actual value of any subdivision on which the same may be loaned, such value to be determined by the board of appraisers of school lands.

Sec. 163. No law shall ever be passed by the legislative assembly granting to any person, corporation or association any privileges by reason of the occupation, cultivation or improvement of any public lands by said person, corporation or association subsequent to the survey thereof by the general government. No claim for the occupation, cultivation or improvement of any public lands shall ever be recognized, nor shall such occupation, cultivation or improvement of any public lands ever be used to diminish, either directly or indirectly, the purchase price of said lands.

Sec. 164. The legislative assembly shall have authority to provide by law for the sale or disposal of all public lands that have been heretofore, or may hereafter be granted by the United States to the state for purposes other than set forth and named in sections 153 and 159 of this article. And the legislative assembly, in providing for the appraisement, sale, rental and disposal of the same, shall not be subject to the provisions and limitations of this article.

Sec. 165. The legislative assembly shall pass suitable laws for the safe-keeping, transfer and disbursement of the state school funds, and shall require all officers charged with the same or the safe-keeping thereof to give ample bonds for all moneys and funds received by them, and if any of said officers shall convert to his own use in any manner or form, or shall loan, with or without interest or shall deposit in his own name, or otherwise than in the name of the state of North Dakota, or shall deposit in any banks or with any person or persons, or exchange for other funds or property any portion of the school funds aforesaid, or purposely allow any portion of the same to remain in his own hands uninvested except in the manner prescribed by law, every such act shall constitute an embezzlement of so much of the aforesaid school funds as shall be thus taken or loaned, or deposited, or exchanged, or withheld, and shall be a felony; and any failure to pay over, produce or account for the state school funds or any part of the same entrusted to any such officer, as by law required or demanded, shall be held and be taken to be prima facie evidence of such embezzlement.

ARTICLE XII.

PUBLIC DEBT AND PUBLIC WORKS.

Sec. 183. The debt of any county, township, town, school district or any other political subdivision, shall never exceed five per centum upon the assessed value of the taxable property therein; provided, that any incorporated city may by a two-thirds vote increase such indebtedness three per centum on such assessed value beyond said five per cent limit. In estimating the indebtedness

which a city, county, township, school district or any other political subdivision may incur, the entire amount of existing indebtedness, whether contracted prior or subsequent to the adoption of this constitution shall be included; * * * All bonds or obligations in excess of the amount of indebtedness permitted by this constitution, given by any city, county, township, town, school district or other political subdivision, shall be void.

Sec. 184. Any city, county, township, town, school district, or any other political subdivision incurring indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrevocable until such debt be paid.

Sec. 185. Neither the state nor any county, city, township, town, school district or any other political subdivision shall loan or give its credit or make donations to or in aid of any individual, association or corporation, except for necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation, * * * * *

Sec. 186. * * * No bills, claims, accounts or demands against the state, or any county or other political subdivision, shall be audited, allowed or paid until a full itemized statement in writing shall be filed with the officer or officers whose duty it may be to audit the same.

Sec. 187. * * * No bond or evidence of debt of any county, or bond of any township or other political subdivision, shall be valid unless the same have endorsed thereon a certificate signed by the county auditor, or other officer authorized by law to sign such certificate, stating that said bond, or evidence of debt, is issued pursuant to law and is within the debt limit.

If any teacher neglects or refuses to give instruction as required by law in physiology and hygiene, and the nature and effect of alcoholic drinks, narcotics and stimulants, the county superintendent shall promptly revoke such teacher's certificate and cause him to be discharged. If the teacher, so neglecting or refusing to give instructions in such branches, holds a state certificate, the county superintendent shall immediately certify such refusal or neglect to the superintendent of public instruction.

§ 649. **Report to state superintendent.** He shall, on or before the fifteenth day of September in each year, make and transmit a report to the superintendent of public instruction, containing such statistics, items and statements relative to the schools of the county, as may be required by such superintendent. Such report shall be made upon and conform to the blanks furnished by the superintendent of public instruction for that purpose. He shall not be paid his salary for the last quarter of his official year until he presents to the county commissioners, the receipts of the superintendent of public instruction for such annual report.

§ 650. **Appraisalment of school lands. § 659. School township to conform to civil township when possible. Each school township in every county in the state, which at the taking effect of this code consists of territory not organized into a civil township, shall be and remain a distinct school corporation; provided, that whenever such school township, or any part thereof, shall be organized into or annexed to a civil township, such civil township shall thenceforth constitute a distinct school corporation; but nothing in this section shall be construed to alter the boundary lines of any school township organized prior to the passage of this code, except upon petition as hereinafter provided.

§ 660. What territory may be organized into district school corporations. The county commissioners of each county in which there is territory not organized for school purposes at the taking effect of this article, may organize into a district school corporation any territory not, at the taking effect of this article, already organized into a civil township or a school township, upon being petitioned to do so by one-third of the residents of such territory, having the care or custody of any child of school age; provided, such territory shall consist of not less than one congressional township, and having not less than ten children of school age residing therein. The county commissioners of every such county, with the advice and consent of the county superintendent may rearrange the boundaries in any school corporation whose territory is not included within a civil township, when petitioned to do so by a majority of the voters residing within such school corporation, whose boundaries will be affected thereby, subject to the same restrictions and conditions as to extent of territory and number of resident

children of school age as in the organization of a school corporation from territory not included in a civil township. In the formation of school corporations and the rearrangement of their boundaries as provided for in this section, the boundary lines of congressional townships shall be followed as far as possible as school corporation lines; provided, that in case any school township, containing a city of eight hundred inhabitants or more, and which is not organized as an independent school district, said township outside of said city, may, on petition to the county superintendent of schools, a petition of at least two-thirds of the legal voters of such township outside the limits of such city, organize a school township, and when such petition is filed, the county superintendent of schools shall proceed to call a first election as provided in article 4 of this chapter.

§ 662. When school corporations may be divided and attached to other districts. If a portion of any such school corporation having not more than ten children of school age residing therein is separated from the other portion of such corporation by any natural obstacle which practically prevents such children from attending school in such other portion, the county commissioners of the county may annex such portion so separated to an adjoining school corporation, and the portion so annexed shall constitute a part of such adjacent corporation. If such adjacent corporation lies in another county, the county commissioners of the two counties may jointly make such annexation.

§ 663. Annexation of school corporations. In any county not organized for school purposes under the district system at the taking effect of this code, if a town or village not organized into a special district is divided by a civil township line or if such town or village is divided by any county line, the county commissioners of such county, or the county commissioners of such adjacent counties acting in joint session, as the case may be, may when petitioned so to do by a majority of the voters of each part of said town or village, annex one part of such town or village to the adjacent school corporation which includes the other part of such town or village and the part so annexed shall constitute a portion of such adjacent corporation.

§ 664. When civil townships may consolidate into school district. In any county not organized for school purposes under the district system at the taking effect of this code, if a civil township having less than fifteen persons of school age residing therein, by

reason of the irregular course of natural boundary, contains less than twelve sections or square miles of territory, it shall constitute a portion of the adjacent school district with which it has the longest common boundary line.

§ 665. School districts, how named. Each school corporation constituted or formed under the provisions of this article, shall be designated a school district as distinguished from a civil township or congressional township and shall be named as follows: Each school district which consists of a civil township shall be named "..... school district of county, state of North Dakota," with the name of the civil township which constitutes the districts inserted in the blank before the word "school," and the name of the county in which it is situated inserted before the word "county." Each school district which consists of territory not organized into a civil township, but which has been named by a distinctive name shall have such distinctive name inserted in the blank before the word "school." Each school district consisting of territory not organized into a civil township which has no distinctive name shall be named "school district No. of county, state of North Dakota," with its proper number inserted in the blank after the word "number," and the proper name of the county inserted in the blank before the word "county;" provided, that in each county organized for school purposes under the district system at the taking effect of this code, the several school districts shall retain and be known by the number which they have respectively at the time of the taking effect of this code and any school district hereafter formed in any such county shall be known by the number next higher than that of the highest pre-existing numbered district.

§ 666. When boundaries to be rearranged and established and how. The county commissioners and county superintendent of schools in each county, which at the taking effect of this code is organized for school purposes under the district system, shall meet on the first Monday in May, A. D. 1896, at the place where the meetings of such commissioners are usually held and shall rearrange and establish the boundaries of the several school districts of the county unless the same has already been done, as follows:

4. Each school district now organized which has less than ten persons of school age residing therein shall be annexed to and form a part of such adjacent school district as shall be most convenient for such persons of school age, when in the judgment of such commissioners and superintendent such annexation can be made without detriment to the school or to the pupils residing in such district.

5. The boundary lines of each school district which lies partly within two or more civil townships shall be so changed that such school district shall lie wholly within one civil township, so far as in the judgment of such commissioners and superintendent such change can be made without detriment to the schools or to the pupils therein.

6. Such commissioners and superintendent shall make such changes generally in the boundary lines of the school districts of the county, not in their judgment detrimental to the interests of the schools of the county as will reduce the number of school districts in the county, and form school districts not extending beyond the boundaries of the civil township.

§ 667. Boundaries, how changed in future. After the boundary lines of the several school districts in any of the said counties are rearranged and established as provided for in the last preceding section of this article, such boundary so established may be changed by the county commissioners and superintendent of schools of such county at any regular session of such commissioners upon a petition for such change signed by one-third of the voters residing in each district, whose boundaries will be affected by such change, if in the judgment of the commissioners and superintendent such change is for the best interests of the schools; provided, that by such change or changes no new district shall be formed, nor shall the number of school districts in the county be increased; provided further, that each congressional township, not wholly or in part included in a civil township, and no part of which is organized for school purposes, shall be formed into a school district as soon as it shall have residing therein twelve or more children of school age.

§ 668. Rights and powers of school corporations. He shall promptly furnish such officers with a correct plat showing any changes at any time in the boundaries of school corporations. The superintendent of public instruction shall furnish instructions for the suitable preparation and construction of such plats in regard to scale and markings, in order to secure a uniform series of maps for binding for office use.

Said elections shall be conducted both as to notices and as to manner of canvassing the votes in the same manner as the annual school election. If, from the percentage of correct answers required by the rules and other evidence disclosed by the examination, including particularly the superintendent's knowledge and information of the candidate's successful experience, if any, the applicant is found to be a person of good moral character, to possess a knowledge and understanding, together with aptness to teach and govern which will enable such applicant to teach in the common schools of the state the various branches required by law, such superintendent shall grant to such applicant a certificate of qualification.

§ 741. Teachers' grades, how established. Re-examination, when allowed. Such certificates shall be of three regular grades, the first grade for a term of three years, the second grade for a term of two years, and the third grade for one year, according to the ratio of correct answers of each applicant and other evidence of qualification appearing from the examination. The revocation of the certificate shall terminate the employment of such teacher in the school where he may be at the time employed, but such teacher must be paid up to the time of receiving notice of such revocation. § 190. County auditor to act as clerk at sale. Approval of sale. The county auditor shall act as clerk of all land sales and leases made in his county, and it shall be his duty within five days after such sale or lease shall have been concluded to certify to the board of university and school lands a list of lands sold or leased as provided in this article, with the price thereof and the name of the purchaser or lessee of such tract, the amount for which the lands are sold or leased, the amount of money paid by such purchaser, and the amount of principal remaining unpaid, and the board of university and school lands shall approve and confirm the sale or lease of every such tract, as upon examination of such certified lists and such further information and investigation as shall be deemed necessary, shall be found to have been sold or leased in accordance with the law and without fraud or collusion. For the services imposed by this article the county auditor shall be allowed the sum of three dollars per day for each and every day so engaged, to be paid out of any appropriation for the expenses of appraisal and sale of public lands.

§ 191. Notice to purchaser. Execution of contract. Immediately upon approval of the sales by the board of university and school lands, the secretary of such board shall prepare and certify a list of said approved sales to the commissioner, who shall without delay execute duplicate contracts in the form prescribed by the board, and forward the same to the county auditor of the county where the land was sold, whereupon it is made the duty of the county auditor to notify each purchaser in writing of the approval of the sale to him, and to appear within ten days after the date of such notice and pay the county treasurer the amount of interest on the deferred payments as specified in the contract and execute the contracts of sale, and a failure so to appear and execute such contract shall act as a forfeiture of the payment made by the purchaser at the sale. When the contracts are properly executed by the purchaser and the amount of money due thereon shall have been paid to the county treasurer, the copy marked duplicate shall be delivered

to him and the original returned to the land commissioner, and each contract so returned fully executed shall have on its face in the place noted for such purpose the notation of the date of delivery to the purchaser, and all contracts not executed by the purchaser shall be returned to the land commissioner with a written statement thereon of the reason for such return.

§ 194. Subdividing land into small tracts or lots, when to be made. § 195. Sale of lots. New appraisal. § 196. Map to be entered of record. Whenever the commissioner shall lay off any tract of land into small parcels or lots, as provided in this article, he shall cause a correct map of the same to be entered of record in the county where said lands are situated.

Each assignee of a bona fide purchaser of any of the lands mentioned in this article is subject to and governed by the provisions of law applicable to the purchaser of whom he is assignee; and he shall have the same rights in all respects as an original purchaser of the same class of lands.

§ 199. Contracts may be surrendered and two or more issued, when. Whenever the holder of any contract of purchase of any state or school land shall surrender the same to the commissioner with a request to have the same divided into two or more contracts, it shall be lawful for the commissioner to issue the same; provided, that the proposed subdivision shall be only in the smallest of the regular government or state subdivisions; and, provided, that no new contracts shall issue while there is due and unpaid any interest, principal or taxes on the principal contract of sale, nor in any case where the commissioner shall be of the opinion after an examination of the lands, if necessary, that the security would be impaired and endangered by the proposed division, nor until such proposed change shall have the approval of the board of university and school lands, and for all such new certificates a fee of five dollars for each certificate so issued shall be paid by the applicant, which fee shall be paid into the state treasury and become a part of the expense fund of the board of university and school lands.

In case any installment on the purchase price shall not be paid within thirty days after the same becomes due by the provisions of contract of sale, the contract, from the time of such failure shall be voidable. thereto, together with interest at the rate of twelve per cent per annum on the interest and costs so due from the date of delinquency to the date of payment, and such payment shall operate as a redemption of the rights of such purchaser, his heirs or assigns, and such contract from the time of such payment shall be in full force and effect, as if no forfeiture had occurred; provided, that after the rights of a purchaser, his heirs or assigns shall have become forfeited under the provisions of this article, the board of university and school lands shall have the power, and it is hereby made their duty to provide for the re-sale of said land so forfeited if in their opinion a re-sale of said land shall be most advantageous to the state, otherwise the said board shall provide for the leasing of said land from year to year as herein provided, and after a lease of said land shall be made by said board, the lessee, his heirs and assigns, shall be entitled to the full and absolute possession of all of said lands and premises so leased.

§ 210. Fees to county treasurer. County treasurers shall be entitled to a fee of one-half of one per cent on each dollar collected or received and remitted by them in payment of principal or interest, fines, penalties and damages on state lands, which fee shall be payable from the general fund of the class of lands on which payment is made to such treasurer, and such fee shall be paid to the county treasurer on vouchers countersigned by the county auditor and approved by the commissioner of university and school lands and such approved vouchers shall be paid out of any appropriation for the expenses of appraisement and sale of such lands.

§ 213. Township assessors to examine state lands. It shall be the duty of all township and district assessors, whenever required by the commissioner to examine and report on any lands designated to them by him, in the manner and form prescribed by him, and for such examination they shall be paid at the rate of three dollars per day for time actually engaged, upon vouchers approved by the commissioner.

§ 214. Transfer of records to commissioner. § 215. Permanent and general funds. The principal accruing from all sales of school, university or other state lands under the control of the board of university and school lands, as provided for in this article, shall become a part of the several permanent funds to which they respectively belong and shall not be reduced by any means whatever. All moneys received as interest, for rents, penalties, permits or from any source other than from the principal of sales shall become a part of the general or current funds to which they respectively belong and shall be distributed as directed by law.

§ 216. Quantity of lands to be sold. No more than one-fourth of the common school lands of the state shall be sold within the first five years after they become salable under the provisions of section 155 of the constitution, nor more than one-half of the remainder within ten years after the same become salable as aforesaid. The residue may be sold at any time after the expiration of such ten years; provided, however, that the coal lands of the state shall not be sold, but may be leased under the provisions of any law governing such leases. The words "coal lands" include lands bearing lignite coal.

§ 217. Lands subject to lease. All the common school lands and all other public lands of the state that are not of such value as will admit of appraisal at ten dollars or more per acre, at the time of any regular appraisal, may be leased; provided, that no leases can be granted for a period longer than five years, and only for pasturage and meadow purposes, and at a public auction after notice as hereinafter provided; provided, further, that all of such school and public lands now under cultivation may be leased at the discretion and under the control of the board of university and school lands for other than pasturage and meadow purposes until sold. All rents shall be paid annually in advance.

§ 217a. May lease cultivated lands. The commissioner of

university and school lands is hereby authorized and empowered to lease cultivated school and institution lands in the several counties of the state for the period of two years for the purpose of summer-fallowing the first year and cropping the next, when in his opinion it is necessary so to do in order to clear the same of noxious weeds, said lessee to pay only one year's rent for the same. When any lands are leased as above provided the party so leasing the same, before lease is approved by the board of university and school lands, shall pay to the county treasurer of the county in which the land is situated the total amount of rent therefor. Should the lessee so renting the land as above provided fail or neglect to summer-fallow the same at the proper time, the board of university and school lands in their discretion may declare the lease canceled and the amount paid thereon will thereby become forfeited.

§ 218. Appraisal for lease by county board. It shall be the duty of the county board of appraisers, each and every year if so ordered, to appraise in the same manner as all other lands that are listed for taxation are appraised, all the common school and other public lands of the state in their respective districts that may be included in the order, making a return of all such appraisals to the board of university and school lands in the form prescribed on blanks furnished by the board; such returns to be made on or before the first day of July of the same year; and for any services performed as required by this article they shall be paid at the rate of three dollars per day, to be paid by the state treasurer out of the funds appropriated for the current expenses of such board. It shall be the duty of the board of university and school lands to equalize the appraisements so returned as to counties by adding thereto or taking therefrom such a uniform percentage as may in its judgment seem proper and fair in order to arrive at a just and equitable equalization between the several counties, and upon such valuation so fixed the board of university and school lands are authorized to fix a per cent per acre as the minimum price at which the land can be leased; provided, that the lowest price of lands leased for pasturage cannot be below one-half of one per cent of the average value in the county, and for any cultivated lands in the county the lowest price cannot be below two and one-half per cent of the appraised value of each cultivated tract. And when advertising the same for lease they shall set opposite each description the value thereof as equalized by them, which valuation shall form the basis for leasing the same.

§ 219. Selection of lands for lease. The board of university and school lands shall have power, and it is hereby made its duty to select from the lands so appraised such tracts as in the judgment of the board can be leased with profit to the school and other permanent land funds of the state, or as the legislature may by law order to be leased, and shall at such time as in its judgment is for the best interests of the state, proceed to advertise for lease and offer for

lease, in each succeeding year, such lands as have thus been selected.

§ 220. Advertisement for leasing. All such lands to be leased or offered for lease lying within the respective counties shall by the board of university and school lands be advertised for lease by publication once a week for not less than sixty days in some newspaper of general circulation in the vicinity of such lands. Such advertisement shall contain the designation or proper description of each tract or parcel of land so to be leased, the appraised value of each tract and the per cent on such valuation fixed by the board as the minimum price at which such land can be leased and the terms of the lease. A copy of such advertisement shall also be posted in a conspicuous place at the court house of the county, and a notice of the time and place where the said lands are to be leased shall also be published for not less than sixty days in one newspaper at the seat of government by such board of university and school lands; provided, that if in the opinion of the board there will not be sufficient of such lands situate in any county leased to pay the expenses of advertisement in a newspaper, the notice may be given by posting as aforesaid.

§ 221. Manner of leasing. By whom made. How conducted. It shall be the duty of the commissioner of university and school lands, or such other person as may be appointed by the board of university and school lands, to conduct the leasing of such lands in accordance with the provisions of this article and such directions as shall be prescribed therefor by the board; provided, that the leasing shall be at public auction to the highest bidder at the court house or place where terms of the district court are held, commencing on the day specified in the advertisement for such lease and between the hours of ten o'clock A. M. and five o'clock P. M. to continue from day to day until all tracts or parcels of land advertised for lease shall have been leased or offered for lease; but the time for leasing the same shall not exceed ten days in any county, except that an adjournment may be made over the Sabbath or any legal holiday. In counties where a large number of tracts of land are to be leased the land situated in certain townships may be designated in the advertisement to be leased on certain specified days and in such case such lands shall be leased or offered for lease on such specified days, or for want of time for the leasing or offering for lease of all such designated lands, the leasing of those unoffered may be adjourned until the following day or days, when they must be the first lands offered for lease. Such lands as shall not have been specially subdivided shall be leased or offered for lease in tracts of one-quarter section each, and those so subdivided in the smallest subdivision thereof. Notice must be given when the land is offered that all bids are subject to approval by the board. At the time of offering the lands for lease the county auditor of the county shall act as clerk, and it shall be his duty to make report

§ 224. Approval of lease and execution of contract for lease. The board of university and school lands to have power to lease to applicants in certain cases. Immediately upon receipt of the report of the county auditor as required by this article, the board of university and school lands shall approve and confirm the lease of all such tracts as in its judgment should be made, and shall at once certify a list of the approved leases to the commissioner who shall without delay execute duplicate contracts of lease in the form prescribed by the board, and forward to the lessee a copy marked "duplicate," the "original" being filed in the office of the commissioner, who shall also forthwith certify to the auditor of the proper county, a list of such leases as have been approved by the board. In case any of the lands in any county may remain unleased after the date advertised for the leasing, the board shall have authority to make contracts of lease for said lands to the first applicant therefor at not less than the minimum price thereof.

§ 225. Lessee not to destroy timber. No lessee of any of the common school or public lands of the state, or his heirs or assigns, shall cut down or take away from such tract any timber, trees or wood, or suffer or cause the same to be done by any person, except that such lessee may cut down or use such amount of dead, or prostrate trees, or timber as may be sufficient to supply him with fuel for his family or the families of his employees actually residing upon such tract. Any lessee violating the provisions of this section shall forfeit his lease and all rights and interests thereunder, and shall be liable to the state for damages sustained by the state by reason thereof, and shall be guilty of a misdemeanor.

§ 228. Board of university and school lands to grant permits to cut hay and to remove dead and down timber. The board shall have authority, when in its judgment it is for the best interests of the state so to do, to sell the right to cut grass on any of the public lands of the state and to sell any down and dead timber on said lands for such price, terms and conditions as they may think proper, but no dead timber, if standing, shall be deemed to be included in the sale unless expressly so specified in the permit. All such permits shall only be for the current season and between the fifteenth day of June and the first day of April of the following year, and no control or rights of occupancy of said land shall be other than what is specified in such permit; said permit shall be sold by the several county treasurers, whose duties and compensation shall be prescribed by the board of university and school lands, but said compensation shall be based upon a percentage of amounts of money collected and remitted to the state treasurer from said sale of grass and timber in their respective counties. All permits shall be paid for in advance.

§ 229. Trespass upon public lands. Civil action for. Whoever commits any trespass upon any of the lands owned, or held in trust, or otherwise by the state shall be liable in treble damages in an action to be brought in the name of the state, if such trespass is adjudged to have been willful; but single damages only shall be recovered in such action if such trespass is adjudged to have been casual and involuntary.

§ 230. Willful trespass. Penalty. Whoever commits any willful trespass upon any of the lands owned or held in trust or otherwise by this state, either by cutting down or destroying any timber or wood standing or growing thereon, or by carrying away any timber or wood therefrom, or by mowing or cutting or removing any hay or grass standing or growing or being thereon, or who injures or removes any buildings, fences, improvements or other property belonging or appertaining to said land or unlawfully breaks or cultivates any of said lands or aids, directs or countenances such trespass or other injury shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by imprisonment in the county jail not more than one year, or by fine

§ 231. Property to be seized. In addition to the penalties provided for in this article against those committing trespass upon any of the lands owned or held in trust or otherwise by this state, the commissioner is authorized and empowered without legal process to seize and take, or cause to be seized and taken any and all timber, grass, wood or other property unlawfully severed from such lands, whether the same has been removed from such lands or not, and may dispose of the property so seized and taken, either at public or private sale, in such manner as will be most conducive to the interests of the state; and all moneys arising therefrom after deducting the reasonable and necessary expenses of such seizure and sale shall be made a part of the general fund belonging to the public lands and shall be distributed in accordance with the provisions of this article.

The county auditor shall not issue any order upon the county treasurer for funds or money belonging to a civil township or school district to any person as treasurer of such township or school district until his bond has been filed as in this section provided.

BONDS.

§ 2474. Bonded indebtedness, for what incurred. Limit of. Any city or municipal corporation in this state may incur a bonded indebtedness for the purpose of erecting public school buildings and other buildings for city purposes, purchasing fire apparatus, putting in waterworks, sinking public wells or cisterns and putting in sewers and improving streets, which said indebtedness, together with the indebtedness which then exists shall not, except as otherwise provided, exceed five per cent of the assessed valuation of the taxable property in such city or municipal corporation as shown by the return of the assessor for the year next preceding the time at which such indebtedness shall be incurred.

§ 2475. Bonds, how issued. Election. The bonds issued for the purposes mentioned in the last section shall be issued by the city council or board of trustees of any city or municipal corporation only upon a majority vote of the qualified electors of such city or municipal corporation voting thereon at an election regularly called for that purpose and in accordance with the provisions of the charter of such city or municipal corporation governing the issuance and sale of bonds; provided, that in all cities and municipal corporations where the charter does not provide the manner of calling and holding an election for the purpose aforesaid, a special election shall be called and held as herein provided, or such question may be submitted at any annual election. The city council or board of trustees at any regular meeting thereof may decide to call a special election to vote bonds for any of the purposes stated in section 2474, and they shall give at least fifteen days' public notice of such election by at least two publications thereof in a weekly newspaper published therein, or if there is no such newspaper then by posting such notice in five public places in such city. Such notice shall state the amount and denomination of the bonds to be voted for, the rate of interest thereof, the purpose

for which such bonds are to be issued, the form of the ballots to be used and the time and place of holding such election. The judges and clerks shall be appointed and the election shall be conducted as provided by the charter of said city for conducting annual elections, and the returns shall be canvassed and in like manner returned. This article shall not be construed to limit or restrict the powers already conferred by any special charter upon the council of any city or municipal corporation. All bonds heretofore issued by any city or by or under the authority of the board of education of any city in this state for school or school house purposes may be refunded in the discretion of said board in the manner hereinafter provided, whenever there is not sufficient money in the treasury of such city applicable thereto, to pay such bonds.

§ 2484. Denomination of bonds. Said bonds shall be in denominations of not less than one hundred nor more than one thousand dollars, shall be numbered consecutively from one upward, shall bear the date of their issue, shall be made payable to the purchaser or bearer, shall be payable ten years from date, and shall bear interest at a rate not exceeding seven per cent per annum payable annually, with interest coupons attached, and principal and interest shall be made payable at such place as may be designated by the board of education. The refunding of indebtedness and the issuance of bonds provided in this article shall be under the control and direction of the board of education, and a resolution of said board directing the execution of such bonds and specifying the number and amount of each bond shall authorize and require the mayor and city clerk or auditor to execute the same in the manner herein provided, and deliver the bonds so executed to the board of education who shall provide for the sale and negotiation thereof or for the exchange of said bonds for outstanding bonds authorized to be refunded under this article, as they may deem best; provided, that such refunding bonds shall not be sold or exchanged at less than par value. Both principal and interest of said bonds shall be paid by the city treasurer by warrants drawn upon the funds created therefor and issued under the direction of the board of education. A duly certified copy of the resolution of the board of education authorizing and directing the execution of such bonds by the mayor and city clerk or auditor shall be printed on the back of each bond. A register of all bonds so executed shall be made by the city clerk or auditor and kept in his office as

a public record, showing the number, date, amount, interest, name of payee and when and where payable, of each and all bonds executed under the provisions of this article. And after such outstanding bonds shall have been so refunded the same shall be placed in the hands of the city clerk or auditor after having had first marked across the face thereof in red ink the words "refunded bond;" and the city clerk or auditor shall thereupon make a record of each bond in the same manner provided herein for bonds issued under this article and at the next regular meeting of the city council shall cancel and burn said bonds in the presence of the city council and make a record of such action in the proceedings of the council.

§ 2487. Interest fund. Any city, town or village in this state having not less than three thousand inhabitants is authorized and empowered through its proper officers to levy and collect taxes not exceeding twelve mills on the dollar of the assessed valuation of said city, town or village, for the purpose of creating an interest fund with which to pay interest upon the existing bonded indebtedness of such municipality, including bonds, if any, issued under the direction of the respective boards of education therein. If any officer of such municipality shall use the moneys collected by virtue of this section for any other purpose than that expressed herein, he shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than one hundred nor more than five hundred dollars or imprisoned in the county jail not less than thirty days nor more than one year.

§ 2488. Sinking fund. They may also levy and collect taxes not exceeding four mills on the dollar for the purpose of creating a sinking fund to pay the bonds of the municipality as the same may mature; and the proper officers of the municipality may invest the money in said fund in interest bearing securities of the state or of any organized county therein or of the municipality, and shall in no other manner dispose of the money in said fund, and if any officer of such municipalities shall use the money in said fund in any other manner than as provided in this section he shall be guilty of a misdemeanor.

BONDS FOR LABOR AND MATERIAL FOR PUBLIC BUILDINGS.

§ 4802. Bonds from contractors on public improvements. Whenever any public officer shall, under the laws of this state, enter into contract in any sum exceeding one hundred dollars, with any person for making any public improvements, or for constructing any public building, or making repairs on the same, such officer shall take from the party contracted with a bond, conditioned to the effect that such contractor shall pay all indebtedness incurred for labor or material furnished in the construction or repair of such public building or in making such public improvements.

§ 4803. How bond executed. Such bond shall run to the state of North Dakota, shall be executed by two or more sureties and shall be for an amount at least equal to the price stated in the contract. It shall be approved by the clerk of the district court of the county in which such building is to be constructed or such public improvement is to be made and the sureties thereon shall qualify in a sum equal to double the amount specified in the bond.

§ 4804. Where bond filed. Recovery on. Such bond shall be filed in the office of the clerk of the district court of the county in which such public improvement is to be made or such public building is to be erected; and any person to whom there is due any sum for labor or material furnished, as stated in section 4802, or his assigns, may bring an action on the bond for the recovery of such indebtedness; provided, that no action shall be brought on such bond unless commenced within one year from the completion of such public improvements, repairs or buildings.

SPECULATION IN OFFICE PROHIBITED.

§ 7632. Unlawful purchases by school district officers. Every person who while an officer of any school district or corporation, or deputy or clerk of such officer, directly or indirectly, buys or traffics in or in anywise becomes a party to the purchase of any school warrant, order or scrip, or any bill, account, claim or evidence of indebtedness against his school district or corporation, for any sum less than the full face value thereof, is guilty of a misdemeanor, and upon conviction thereof is punishable by a fine of not less than fifty and not exceeding five hundred dollars.

APPENDIX—C.

DIGEST OF DECISIONS OF SUPREME COURT.

SCHOOL DISTRICTS—POWERS.

Laws Dak. 1879, Chap. 14, Sec. 29, Subd. 4, provides that the inhabitants qualified to vote at a school district meeting may vote for a site for a school house. By subdivision 5, they may vote a tax to purchase or lease such site. By section 56, it is made the duty of the district board "to purchase or lease such site for a school house as shall have been designated by the voters at a district meeting," and to build such a school house as the voters of the district shall have agreed upon. Held, that the power to acquire a site for a

school house is vested exclusively in the voters of the district, and the board have no independent authority whatever.

Farmers' and Merchants' National Bank of Valley City, vs. School District No. 53, Barnes County, 42 N. W., 767.

The statute restricts the amount of obligations a school district may incur in any one year to $1\frac{1}{2}$ per cent on the value of the taxable property in the district. Held, that warrants payable immediately, for sums exceeding such percentage, are invalid. *Id.*

The district may plead ultra vires to an action on warrants issued for the purchase of a school site by the district board without authority. *Id.*

SCHOOL AND SCHOOL DISTRICTS—TAXATION—CONTRACTS.

Laws Dak. 1879, Chap. 14, Sec. 29, Subd. 5, provides that school districts may vote annually a tax of 1 per cent on the taxable property of the districts to purchase or lease a site for a school house. Subdivision 8 provides that school districts may vote a tax as may be necessary, not exceeding one-half per cent in any one year, to furnish the school with furniture and apparatus. A school board issued orders in excess of 1 1-2 per cent of the taxable property in the district, on which they obtained money, which was used in purchasing a site and building, and furnishing a school house; and, on completing the school house two years thereafter, reported such orders, showing that they amounted to less than 1 1-2 per cent tax for each of the two years would have produced, and the district accepted and occupied the school house, and approved the report. Held, that the district had power to issue the orders, and had ratified the action of the board in issuing them, and was bound thereby.

Capital Bank of St. Paul vs. School Dist. No. 85, Cass County 42 N. W., 774.

SCHOOL AND SCHOOL DISTRICTS—INCORPORATION—BONDS— ESTOPPEL

Pol. Code Dak. 1877, Chap. 46, Sec. 10, provides that "it shall be the duty of the county superintendent of schools * * * to divide his county into school districts, subdivide and rearrange the boundaries of the same, when petitioned by a majority of the citizens residing in the district or districts to be affected by said change and to furnish the county commissioners * * * with a written description of the boundaries of each district, which description must be filed in the register of deeds' office before such district shall be entitled to proceed with its organization." Held, that a petition by a majority of the citizens of the districts affected is a condition precedent to the incorporation by the superintendent of a new district.

Dartmouth Sav. Bank vs. School Dists. Nos. 6 and 31, Minnehaha County, 43 N. W., 822.

In an action on a bond issued by a district formed without such petition against districts which are its successors, defendants are not estopped to deny that district's incorporation by showing failure to present the petition. *Id.*

SCHOOL DISTRICTS—TEACHER'S SALARY—WARRANTS.

Every contract relating to the employment of a teacher who does not hold a lawful certificate of qualification is void by the express terms of the statute, and every warrant issued in payment of services of such teacher is without consideration and void.

Goose River Bank vs. Willow Lake School Tp., Steele County, 44 N. W., 1002.

School township warrants are not negotiable instruments, in the sense that their negotiations will cut off defenses to them existing against them in the hands of the payee. *Id.*

The officers of a school township cannot estop the township by a representation, express or implied, that the facts to authorize the issue of a lawful warrant exist. *Id.*

Where a contract is expressly prohibited or declared void by statute, retention of the fruits of such contract will not subject a municipality to liability under the contract or on a quantum meruit. *Id.*

A person who assists a public officer in depriving the public of the benefits of a statutory protection designed to guard the people against unfit and incompetent teachers has no standing in court, and his assignee will receive no greater consideration. *Id.*

Coler et al. vs. Dwight School Tp., of Richland County.

(Supreme Court of North Dakota, April 25, 1893.)

SCHOOL TOWNSHIP—ESTOPPEL—EXISTENCE OF DISTRICT.

1. The county superintendent of schools, under chapter 14, laws of 1879, organized a school district. School district officers were elected, and exercised the functions of their respective offices; teachers were employed by the district, and school was taught therein, and a school meeting was held in the district to vote upon the question of issuing bonds to build a school house. Such bonds were thereafter issued. In an action upon some of the interest coupons of such bonds, Held, that the district was a defacto municipal corporation, and that therefore the defense could not be interposed that the bonds were void on the ground that the district had no legal existence because of a failure to comply with provisions of the statute regulating the organization of such districts in matters which went to the jurisdiction of the county superintendent to organize the district.

2. Municipal corporations are estopped, as against bona fide holders of municipal bonds, from setting up as a defense to an action thereon that all the preliminary steps necessary to auth-

orize the issue of the bonds were not taken, when the officers who have charge of the issue of such bonds are especially or impliedly authorized to determine whether all the conditions precedent to the issue of valid bonds have been complied with, and recite in the bonds so issued that they have been complied with. It is not necessary to estop the corporation that this statement should set forth in detail that all the preliminary steps have been taken. It is sufficient that it declare that the bonds are issued in pursuance of a certain statute, specifying it. Neither is it essential that the officers issuing the bonds should be expressly authorized to determine such questions.

It is sufficient if they are given full control in the matter.

3. A school township organized under chapter 44, laws of 1883, becomes, immediately upon such organization, liable for debts of a district, the school house and furniture of which become the property of the school township. This liability is complete, and does not depend upon the settlement of equities between several districts included in the new school township, under sections 136-138, c. 44, laws 1883.

(Syllabus by the Court.)

Prairie School Dist. vs. Haseleu et al.

(Supreme Court of North Dakota, July 6, 1893.)

SCHOOL DISTRICTS—POWERS OF OFFICERS—LOSS OF FUNDS—LIABILITY OF TREASURER ON OFFICIAL BOND—PAROL EVIDENCE—
HARMLESS ERROR.

1. Chapters 44-45, Ses. Laws Dak. T. 1883, relating to school townships and school house bonds, considered. Held, that the school board (consisting of the treasurer, clerk and director) is the official governing board of such school township, and such board has full power and authority to issue, negotiate and sell such bonds of the school township as have been duly voted by the electors for the purpose of building a school house. Held, further, that the school township treasurer, acting independently, has no authority under the law and by virtue of his office as treasurer, to issue, negotiate or sell such bonds.

2. Where the school board of the plaintiff, consisting of the treasurer, clerk and director, issued certain school house bonds, which had been regularly voted by the electors, and in doing so delivered such bonds to a bank to be negotiated and sold for the benefit of the school township, and the bonds were sold and put in circulation, but the proceeds were never turned over to the school township, but, on the contrary, were lost to the school township. Held, that the school board was wholly responsible for such loss. Held, further, that such bonds not having been delivered to the treasurer for negotiation and sale, and he never having sold or attempted to sell the same, an action will not lie against the treasurer or his

sureties on his official bond for a breach of the condition of such bond, which requires the treasurer to account for and pay over all moneys and property which shall come into his hands as treasurer.

3. The obligations of sureties upon official bonds are measured by the language of the bond, and where the condition of a bond embodies the provision of the statute, and no more, the obligation cannot be expanded by construction beyond the fair import of the language in which the sureties have consented to be bound.

4. When the bonds were delivered by the board at the bank for negotiation and sale, all members of the board were at the bank, and acting in concert. At the time the cashier of the bank delivered to the treasurer a writing as follows: "\$1,000. Grand Rapids, Dakota, Sept. 28th, 1883. Received of William Haseleu, Treasurer Prairie School Township, one thousand dollars in bonds of Prairie Township, LaMoure Co., D. T., for placing and Cr. A. H. Huelster, Cashier Bank of Grand Rapids." Held, that such writing embodied both a receipt and a contract, and that as such its terms could be varied and explained by parol evidence, but only as to that part which is a mere receipt.

5. Where it appears that upon the uncontroverted facts the plaintiff cannot recover in the action, a verdict and judgment for defendants will not be disturbed by this court even when the records show errors in procedure. Such errors are without prejudice.

(Syllabus by the Court.)

Gull River Lumber Company, Plaintiff and Respondent vs. School District No 39, Barnes County, D. T., Defendant and Appellant.

1. PRACTICE—FINDINGS OF FACT.

When the trial court determines the issue of fact without a jury, the requirements of the statute as to findings is mandatory, and not directory. In such cases it is the duty of the trial court without request to make express findings of the ultimate facts which are material and arise upon the pleadings. Accordingly when the district court, in such case, made no express findings of the ultimate facts which were in issue, but instead of doing so adopted certain documentary evidence, and a certain stipulation of facts, as its findings of facts, and from such findings drew certain legal conclusions, upon which judgment was entered. Held, reversible error.

2. CAPITAL BANK VS. SCHOOL DISTRICT FOLLOWED.

Merits of this case same as decided at present term of court, i. e. Capital Bank of St. Paul vs. School District No. 53.
Gull River Lumber Company vs. School District No. 39, of Barnes County.

1. TRANSFER OF CAUSES UNDER THE OMNIBUS BILL.

Respondent, after admission of North Dakota into the Federal Union, argued the appeal in this case in the supreme court of the state, applied for a rehearing after defeat, and after securing a rehearing applied for and obtained a continuance. Held, that he could not thereafter obtain a transfer of the case to the federal court on the ground of diverse citizenship, under the provisions of the enabling act.

(Opinion filed Feb. 2, 1891.)

Capital Bank of St. Paul, Plaintiff, Appellant vs. School District No. 53, Barnes County, D. T., Defendants and Respondent.

1. SCHOOL DISTRICT—CONTRACT ULTRA VIRES—RATIFICATION.

A contract authorized by the inhabitants of a school district at a district meeting, to build a school house for an amount in excess of funds on hand or subject to collection for that purpose, and the amount that could be realized from the maximum tax which could be levied by the inhabitants for the current year and used for that purpose, is void. Therefore, Held, that such a contract, void because the district board had no authority to make it, could not be made binding upon the district by subsequent ratification by the inhabitants. Whether there were sufficient evidence of such ratification not decided.

2. SAME—RECEIPT OF FRUITS OF CONTRACT CREATES NO LIABILITY.

Such contract being implied prohibited by statute, the receipt by the district of the fruits thereof creates no liability either under the contract or for the value received.

3. SAME—WARRANT CREATES NO LIABILITY.

A warrant creates no greater liability than the debt it represents, whether in the hands of the original party or of a purchaser before maturity and for value.

Opinion filed Nov. 29, 1890.)

Goose River Bank vs. Gilmore, et al.

(Supreme Court of North Dakota, Jan. 25, 1893.)

APPEAL FROM ORDER DENYING NEW TRIAL—RECORD.

1. When an appeal is taken from an order denying a new trial, and the motion for a new trial was heard in part upon certain papers and documents, which, on appeal to this court, have been properly identified by the judge and certified by the clerk of district court, a motion to purge the record of such papers and documents for the reason that the same are not authenticated by any bill or statement,

cannot be sustained. Under section 5, chapter 120, laws 1891, no bill or statement is required to bring such papers and documents before the court.

2. The stenographer's transcript of the proceedings had at the trial, and used on a motion for a new trial for the purpose of showing errors of law occurring at the trial, does not constitute an authenticated record and before this court can review errors occurring at the trial the proceedings must be brought upon the record by a bill of exceptions or statement of the case.

3. An affidavit used upon a motion for a new trial, which states that certain evidence could and would be offered if a new trial should be granted, is entirely insufficient unless it also states that such evidence is newly discovered, or furnishes some excuse for not introducing it on the former trial.

(Syllabus by the Court.)

People's Bank of St. Paul vs. School District No. 52.

(Supreme Court of North Dakota, December 16, 1893.)

SCHOOL DISTRICT BONDS—STRICT COMPLIANCE WITH STATUTE.

Where a statute authorized the issue of municipal bonds payable in not less than ten years from date, bonds issued thereunder, payable in eleven days less than ten years from date are void, even in the hands of a bona fide purchaser.

INDEPENDENT LIABILITY OF DISTRICT.

The invalidity of such bonds does not affect the liability, if any, of the municipality, independently of the bonds.

BONA FIDE PURCHASERS—NOTICE OF LAW.

It is elementary that even bona fide purchasers of negotiable municipal securities are charged with knowledge of all the requirements of the statute under which the securities were issued.

Benjamin W. Hosmer vs. Sheldon School District No. 2.

(Supreme Court of North Dakota, July 23, 1894.)

SCHOOL DISTRICT—TEACHER'S CERTIFICATE—VOID EMPLOYMENT.

A contract duly executed between the proper officers of a school district and another person, by the terms of which said person is employed as a teacher in a public school in said district, is void where such person, at the time of making the contract, holds no certificate of authority to teach in the county where the district is located.

CERTIFICATE WILL NOT RELATE BACK.

The subsequent procurement of such certificate will not enable

such person to recover against the district damages for the breach of such contract.

Samuel D. Flagg vs. School District No. 70.

(Supreme Court of North Dakota, March 19, 1894.)

MUNICIPAL BONDS—PROVISION FOR EXCHANGE DESTROYS NEGOTIABILITY.

An instrument providing for the payment of exchange on a point other than the place of payment, in addition to principal and interest, is not a negotiable instrument; and one who purchases the same before maturity for value, and without notice of any defense thereto, nevertheless takes it subject to the defense of want of consideration good as between the original parties to the instrument.

CERTIFICATE OF PROPER OFFICER—EVIDENCE OF VALIDITY.

Defendant was authorized to issue bonds to fund its outstanding indebtedness in case certain statutory prerequisites were complied with. A record of the proceedings culminating in the decision to issue bonds was to be made in the district, and a certified copy thereof was to be filed with the county clerk, and preserved as a record in his office. It was made the duty of the county clerk to examine such record in his office, and if satisfied, from such examination, that all the requisites of the act with respect to the preliminary proceedings had been complied with, and that the bonds were authorized to be issued, as provided for in the act, he was to register the bonds, and indorse upon each of them his certificate in the form prescribed in the statute. The bonds in question were so registered and certified. Held, that a purchaser of such bonds, for value, before maturity, and without notice that any of the conditions of the statute relating to proceedings to authorize the issue of the bonds had not been complied with, could rely upon the certificate of the county clerk as finally settling all such matters, and that the court below did not err in rejecting defendant's offer to prove that such conditions had not been complied with.

BONDS REGISTERED AND CERTIFIED AS LEGAL UNDER STATUTE—NOT OPEN TO QUESTION IN HANDS OF BONA FIDE PURCHASERS.

By an amendment to the act, it was provided that no district, in which the title to the school site was not in the school board, should bond its debt until it had obtained such title. But it was declared in such amendment that, after the bonds had been registered and certified, their validity should not be questioned in any tribunal, but should be and remain valid and binding. Held, that this provision made it the duty of the county clerk to pass upon this question of title before registering and certifying the

bonds, and that, therefore, his decision, evidenced by registering and certifying the bonds, that such condition as to title to the school site had been complied with, was final on the point, as against the district, in favor of one who purchased the bonds in good faith, for value, without notice that this condition had not been complied with.

RECITALS IN NON-NEGOTIABLE BONDS.

The right of a bona fide purchaser of municipal bonds to rely upon a recital or certificate as to facts which the person making the same had authority to determine, does not depend upon the bond being a negotiable instrument. It exists in the case of a bona fide purchaser of a non-negotiable bond as well.

WANT OF CONSIDERATION CANNOT BE SHOWN AGAINST A BONA FIDE PURCHASER.

The statute declared that a committee should audit the claims against the district, and determine the amount of indebtedness to be funded. Held, that the auditing by the committee of claims against the district, and the vote of the district to bond to pay such bonds, as against a bona fide purchaser of such bonds; that, an inquiry as to the validity of such claims as a consideration for such bonds, as against a bona fide purchaser of such bonds, that, as against such purchaser, the district could not show, to prove a want of consideration between the original parties, that the bonds were in fact paid for by the one to whom they were originally issued by the district, by the surrender of void claims held by him against the district, provided such claims had in fact been audited and canceled, and bonds voted and issued under the provisions of the statute.

Samuel D. Flagg vs. School District No. 70, Barnes County.
(Supreme Court of North Dakota, October 28, 1895.)

ACTION ON SCHOOL BONDS—EVIDENCE OF WANT OF CONSIDERATION.

Under the decision of the court on the former appeal in this case (58 N. W. 499, N. D. 30) it was held that the defendant could show a want of consideration for the bonds sued on by proving that defendant received neither cash nor audited and canceled warrants as a consideration for them. For error in refusing to allow such proof the judgment is reversed.

(Supreme Court of North Dakota, May 27, 1897.)

SPECIAL DISTRICT—EQUALIZATION OF INDEBTEDNESS.

Where a school district is divided, by the organization of a city or incorporated town or village situated within said district, into

a special school district, under the provisions of chapter 62 of the laws of 1890, the board of arbitration provided for by said chapter to equalize the interests of said districts must take into consideration the school building owned by the original district, and adjust the rights of the respective districts concerning the same.

Coler et al. vs. Coppin et al.

(Supreme Court of North Dakota, May 10, 1898.)

SCHOOL TOWNSHIP—ENFORCEMENT OF JUDGMENT.

1. When a judgment is obtained against a school township organized under chapter 44 of the laws of 1883, on an indebtedness of a school district for whose indebtedness such school township became liable under section 144 of such statute, the judgment creditor may proceed to enforce such judgment, the same as any other judgment against such school township.

Note 5. **County superintendent, salary of.** In determining the salary of county superintendent that officer is entitled to include schools in special and independent districts. A county superintendent becomes personally responsible for the accounting from such districts as reports of clerks and treasurers have to be filed with him for purposes of statistics and apportionment of the state school fund.

Note 6. Under Section 653 a person to be qualified to hold the office of county superintendent must hold a state certificate or a first grade county certificate. Such first grade need not be issued in the county in which the county superintendent resides, but must be of legal effect at the time the holder assumes the duties of the office.

Note 7. The amendment to section 660 passed by the legislative assembly of 1899 was declared to be unconstitutional by the supreme court in case of Plummer vs. Borsheim. This restores section 660 of the revised codes of 1895, which is as follows:

§ 660. **What territory may be organized into district school corporations.** The county commissioners of each county not organized for school purposes under the district school system at the taking effect of this code, shall organize into a distinct school corporation any territory not, at the taking effect of this code, already organized into a civil township or a school township, upon being petitioned so to do by one-third of the residents of such territory, having the care and custody of any child of school age; provided, such territory shall consist of not less than one congressional township, having at least eight thousand dollars of taxable property and at least ten children of school age residing therein. The county commissioners of every such county, with the advice and consent of the county superintendent, may rearrange the boundaries in any school corporation whose territory is not included within a civil township, when petitioned so to do by a majority of the voters residing within such school corporation, whose boundaries will be affected thereby, subject to the same restrictions and conditions as to extent of territory, value of taxable property and number of resident children of school age as in the organization of a school corporation from territory not included in a civil township. In the formation of school corporations and the

rearrangement of their boundaries as provided for in this section, the boundary lines of congressional townships shall be followed as far as possible as school corporation lines.

Note 8. Section 667, Revised Codes, does not permit the organization of a district when there are twelve or more children of school age resident therein, without the requisite amount of taxable property, as specified by section 660, revised codes.

Note 9. **Elections. Terms of officers.** Novacancy exists to be filled by appointment when a school board fails to hold an election at the time prescribed in article IV of the general school laws. The officers whose terms expire and whose successors would have to be chosen at a regular election do not vacate their office but hold until their successors are duly elected and qualified agreeably to the provisions of section 670 revised codes.

Note 10. Section 672 prescribes who is qualified to vote or hold office and refers to the following sections which embody section 121 of the constitution; the restrictions as to registration are not applicable.

§ 479. **Who entitled to vote.** Every male person of the age of twenty-one years or upwards who shall have been a resident of this state one year, six months in the county and ninety days in the precinct next preceding the election, who is a citizen of the United States or has declared his intention to become such one year and not more than six years prior to such election conformably to the naturalization laws of the United States, or any person of Indian descent who shall have severed his tribal relation two years next preceding such election, shall be entitled to vote; provided, he has complied with the provisions of any law which is now or may in the future be in force relating to the registration of voters. And all persons possessing the qualifications mentioned in this section and who have resided in this state one year shall be eligible to any office in the state, except as otherwise provided in the constitution; provided, however, that persons shall vote in the precinct where they reside and not elsewhere.

§ 480. **Qualifications of Indian voters.** No Indian or person of Indian descent who has not received a final patent conveying the title in fee of lands allotted to him within the boundaries of this state, pursuant to an act of the congress of the United States, approved February 8, 1887, and entitled "An act to provide for the allotment of lands in severalty to Indians on the various reservations, and to extend the protection of the laws of the United States and the territories over the Indians, and for other purposes," shall be deemed a qualified elector of the state of North Dakota, or be entitled to the rights and privileges of an elector therein unless he was born within the limits of the United States, and has voluntarily taken up his residence within this state separate and apart from any tribe of Indians therein, and adopted the habits of civilized life, and is in no manner subject to the authority of any Indian chief or council or Indian agent of the United States.

Note 11. Section 680 provides for the appointment of a clerk. His qualifications must be those of an elector of the district for which he is chosen as clerk.

Note 12. Section 681 provides for four regular meetings and fixes the salary of each director at \$8.00 per year, less \$2.00 for each meeting missed. Section 717 requires the board to meet on the Tuesday in July succeeding the regular meeting of the board (which would be the third Tuesday) for the purpose of making settlement with the treasurer. No additional compensation is allowed for this or special meetings.

Note 13. There is no conflict between sections 689 and 770 relating to a breach of the conditions of a school treasurer's bond. Section 770 is merely cumulative, prescribing that action against the treasurer failing or neglecting to pay over funds belonging to the district may be begun by the district school board, or the county superintendent or any taxpayer.

Note 14. **School privileges for non-resident pupils.** Under section 696, revised codes, the school board is empowered "to admit pupils from other districts when it can be done without injury or overcrowding such schools." The board is further authorized and empowered to make regulations for their admission and the payment of tuition. Whether or not any provision be made for admission of non-resident pupils is discretionary with the board.

Note 15. **School house, location of.** A school board may not lawfully erect a school house upon public school lands unless the board acquires title to the site the same as title would be acquired to any other land.

Note 16. **Enumeration.** Persons can be enumerated only in the district in which they have a legal residence. The legal residence of a parent or guardian is the legal residence of the child.

Where a party resides at two or more different places during the same year, it appears by the decisions of various courts that it is a privilege of said party to determine which place is his legal residence unless he exercises his rights of citizenship, for instance, by voting or attending caucus at one place or the other. Such action would indicate his real intention.

Note 17. **State school fund not to be used in support of private or denominational schools.** Under section 152 of article VIII of the constitution no money raised for the support of public schools of the state shall be appropriated to or used for the support of any sectarian school. There is nothing contained either in the constitution or statutes which warrants any other use of the fund than for the support of the common schools.

Note 18. **Teacher's permits.** A permit to teach must not be issued to a person under the age of 18 years.

Note 19. **Certificates, issuance of third grade.** Under section 742, Revised Codes, a county superintendent may issue a this

grade certificate to a party who has taught less than fifteen months on a third grade certificate, irrespective of the number of third grade certificates that may have been previously issued to said party.

Note 20. Teacher's contract not affected by change in organization of district. A contract made and entered into between a general school district and a teacher is not modified by reason of reorganization of said general district into a special district during the time for which the contract was made, and the district is not relieved from the fulfillment of the obligation.

Note 21. Teacher's salary when school closed on account of quarantine. If under the general quarantine regulations a school be closed in due form, the teacher's right to collect pay for the time school was closed is governed by the general laws relating to employer and employee. During the time said school is closed the teacher is under contract subject to the pleasure of the board, and during the existence of such contract is unable to be a party to another.

Note 22. Teacher's report and salary. A teacher is entitled to pay at the close of each month's work, except for the last month in any term, when the same may be withheld until correct reports are made and filed by the teacher, as provided by section 748 Revised Codes. This section does not authorize the withholding of the teacher's wages for any other month in the term.

Note 23. Section 778 requires the certificate of the county auditor in addition to section 187 of the constitution and other statutes as to the issue being within the debt limit. Section 2057 requires also a certificate of the treasurer. These are applicable to special and independent districts as well as general districts.

Note 24. Treasurer's bond. In a special school district the treasurer of the city, town, or village is treasurer of the board of education. By reason of being under bond as treasurer of a municipal corporation he is not relieved thereby from giving bond as treasurer of said school district, under section 805, Revised Codes.

Note 25. Aliens not entitled to a certificate or permit. Under section 842 a county superintendent is forbidden to issue a certificate or permit to teach to any party who is not a citizen of the United States unless he has resided in the United States one year last prior to the time of such application for such certificate or permit. A declaration of citizenship alone does not entitle one to either certificate or permit.

Note 26. Section 309 provides for the designation of an accounting officer for each public institution and defines his duties.

Note 27. Sections 5124 and 5125 pertaining to holidays are as follows:

for § 5124. Holidays. Holidays are every Sunday; the first day of January, which is New Year's day; the twelfth day of February,

which is the birthday of Abraham Lincoln; the twenty-second day of February, which is the birthday of George Washington; the fourth day of July, which is the anniversary of the Declaration of Independence; the twenty-fifth day of December, which is Christmas day; the thirtieth day of May, which is Memorial day; every day on which an election is held throughout the state, and every day appointed by the president of the United States or by the governor of this state for a public fast, thanksgiving or holiday.

§ 5125. When following day holiday. If the first day of January, twelfth day of February, the twenty-second day of February, the fourth day of July, the thirtieth day of May, or the twenty-fifth day of December falls upon a Sunday, the Monday following shall be the holiday.

Note 28. Section 340 relating to bonds by officers, is as follows:

Sec. 340. Each civil officer elected by the people or appointed by the governor or by any other authority, provided by law, except the governor and the officers and members of the legislative assembly, judges of the supreme and district courts, county commissioners, court stenographer, the mayor and aldermen in cities, the president and trustees in villages, but including township treasurers, clerks, justices of the peace, and constables, shall, before entering on his duties, give a bond conditioned for the faithful and impartial discharge of the duties of his office, (naming it fully), and render a true account of all moneys and property of every kind that shall come into his hands as such officer and pay over and deliver the same according to law.

Note 29. Section 342 relating to approval of bonds is as follows:

§ 342. Approval of bonds. The bonds of all state and district officers shall be given to the state, shall be approved by the governor as to sufficiency, and by the attorney general as to form and such bonds and a duplicate original of the oaths of all such officers shall be deposited in the office of the secretary of state. The secretary of state shall keep a book in which shall be made a correct copy of such bond, which shall be called the "bond record" and, when such bonds shall have been recorded, they shall be deposited with and kept on file in the office of the state treasurer, except the bond of the state treasurer which shall be deposited with and kept on file in the office of the state auditor. The secretary of state and state treasurer on receipt of such bonds shall issue a receipt therefor and such receipt shall be filed in the office of the state auditor. The bonds of all county, township and municipal officers shall be given to the county; those of all county and municipal officers under the county shall be approved by the state's attorney as to form and by the board of county commissioners as to sufficiency, and such bonds and a duplicate original of the oaths of office of all other such officers shall be filed with the county auditor, except the bond and oath of such auditor, which shall be filed with the clerk of the district court for the county or judicial

subdivision. The bonds of township officers shall be approved by the chairman of the board of supervisors of the township.

Note 30. The use of lignite coal is made obligatory by the following section:

§ 1030. Public institutions to use. The various state institutions, county buildings and public schools of this state shall use for fuel native or lignite coal, and it shall be unlawful for any officer to purchase for use in such institutions, county buildings and public schools any coal other than that taken from the mines within the boundaries of this state. This section shall not be construed, however, as prohibiting the use of wood at such institutions, county buildings and public schools, when the cost thereof does not exceed that of native coal.

Note 31. Section 370 authorizes the superintendent of public instruction and other state officers to appoint deputies and prescribes manner of appointment.
